NEWS BULLETIN December 2021

Dear All, we are sure you have noticed that we did not issue a News Bulletin for over a year. This is because we really had nothing new to print due to the pandemic! Thank God we are now getting back to some sort of normality and therefore we are beginning to get back to work as usual with committee meetings on ZOOM! Well, was this period something to be remembered or what? Most of us locked up indoors and those of us lucky enough to have a garden it was a blessing! I am told that the gardens never looked so tidy until the coronavirus!! Please look after yourselves, be safe and we hope complete normality will return soon!
We wish you all a Merry Christmas and a Happier New Year!

Meeting with the Presidential Commissioner, Mr Ph. Photiou on 18th September 2021. We have discussed the current situation on the Missing problem, exchanged ideas, raised the issue of information about developments and problems we faced with the CMP.
Mr Photiou promised, during the meeting and in a written reply, that he will ensure that in the future we are kept fully informed about any developments and he will also raise our concerns to the CMP.

The Ppasias case: As you may probably have heard the family of Mr Ttofis Ppasias this missing person have taken the Cyprus government to the European Court of Human Rights, regarding the fact that Ttofis Pasias has fallen in battle and was buried in a cemetery but was still shown as a missing person for 21 years. The family won the case.
