HONOURING SEVGUL ULUDAG: What an emotional evening that was! The hall was packed to the brim from members of both communities. The tears were flowing like never before. Sevgul's account of her work in getting information, about the location of mass graves, from both members of the two communities in Cyprus was something that will be remembered for ever.

Christina Pavlou from Komi Kebir, whose father and brother are still missing, gave a short speech about her association with Sevgul, which was full of heart-breaking facts that only a heart of steel could not crack! In his speech our President welcomed Sevgul and thanked her for her work on the issue of our missing and wished her more future successes. At the end of her speech Sevgul answered questions from the audience. Many a times she pointed out that the issue of the missing must be taken up together by **both** communities.

Sevgul was honoured with trophies from the Komi Kebir Assn of UK as well as from our own.
